Weather Contingencies: In Case of Bad Weather

Rain

The event will NOT be canceled due to rain alone unless the downpour is such that athletes, police, and volunteers lose visibility making situations unsafe. If this occurs we will wait until the rain subsides and follow the same procedure listed for lightning conditions (minus the 30-minute rule). Athletes will be informed of such a change via announcements on race morning.

Lightning

In the event of lightning the race will be postponed by 30 minutes every time lightning is spotted and thunder is heard within 6 miles of the event. Please note that every time lightning strikes and thunder is heard within 6 miles of the race site we must delay the start by 30 minutes.

Tornado Warning

If at anytime before (race morning close to starting time) or during the event, a tornado warning is issued, the race will be canceled.

On Course Cancellation

If the race is canceled due to storms (lightning and/or excessive rain) or tornado warnings while it is in progress we will do everything in our power to alert everyone on the course. All police, SAG, and medical personnel will be made aware and do all they can to warn and SAG in all participants. We will also do everything in our power to assist those that are still on course. Those that are on course without means of rescue should seek immediate shelter via open stores, buildings, garages, homes and/or any other means of protection from the dangerous conditions. If it gets worse and we are not there to help you off the course please do everything you can to keep yourself safe and take shelter.

Because of agreements with the Texas Department of Transportation and various municipalities regarding a fixed amount of time to have roads closed or in use or the time of public safety or law enforcement officials, Running Alliance Sport, at any time, reserves the right to shorten the distance of any of its races to comply, especially in dealing with inclement weather conditions that may make any course unavailable or unsuitable for runner participation.

Running Alliance Sport

By Runners. For Runners.

We are a 501(c)(3) non-profit organization. Our motto is "By Runners, For Runners." At Running Alliance Sport (RAS) races, runners always come first. We put our hearts into creating, organizing, staffing, and managing these events. We do what we do because we are runners, and we love this community. Since the beginning, we have stood out from other race organizations by providing runners with a value experience. Once you race with us, we know you'll want to come back for more! RAS gives back to the community in every way we can. RAS donates all proceeds (that's everything after our "cost of production") to local charitable causes. Thanks for running our races and participating in our events.

About Us

Calling the greater Houston area home, Running Alliance Sport (RAS) is a not-for-profit event production company that has a passion for producing quality running events which, in turn, support local communities and its charities. With the help of our volunteers, RAS successfully works with city governments in Nassau Bay, Mont Belvieu, Houston, Alvin and Friendswood to produce six races annually from March to December and has donated over $1 million to local charities since its inception in 2011. For more information, visit runningalliancesport.org.
